

DKN Public School (CBSE)

KG'S ACTIVITY

Name of the activity: Red Day

Celebrated on: 26.06.2025

Who are they: KG's

Descriptive about the Red Day celebration:

A "Red Day" in school is a celebration where students, dressed in red, engage in fun activities to learn about the Red Day and its significance.

It symbolises energy, passion, and vibrancy, bringing excitement and a splash of colour to the school environment.

Dress code: Students and teachers wear red clothing to participate.

Decorations: The school is decorated with red balloons, streamers, and other red-themed items

Creative projects: Students engage in art and craft activities related to the colour red

Feedback: The key positive feedback includes the creative and hands-on activities that help children learn about the colour red, the excitement from children dressing in red, and the positive impact on developing skills like cognitive abilities and creativity. Parents often express appreciation for the efforts of the teachers and the joyful memories created for their children.

Outcome: Red is associated with positive emotions like joy, energy, and confidence, which can lead to a cheerful and vibrant atmosphere.

Name of the activity: Green Day

Celebrated on: 09.07.2025

Who are they: KG's

Descriptive about the Green Day celebration:

A **Green Day** in a school is a special event to celebrate the colour green and raise environmental awareness through fun, educational activities. Students often dress in green, participate in activities like planting saplings or crafting with natural materials, and learn about nature, plants, and the importance of keeping the environment clean. It's a day for learning about growth, nature, and conservation in a playful and meaningful way.

Planting and gardening: Activities include planting saplings, managing a herbal garden, or learning about organic farming.

Feedback: The celebration successfully raised awareness about the color green and its connection to nature, plants, and environmental health.

Outcome: Respect for nature: The celebrations nurture a sense of respect and care for nature and its resources.

Name of the activity: Friendship Day

Celebrated on: 05.08.2025

Who are they: KG's

Descriptive about Friendship Day celebration:

The school's Friendship Day celebration focuses on reinforcing the importance of friendship through activities like exchanging handmade friendship bands and cards, engaging in games that encourage teamwork, and sharing stories or poems about friendship.

Goals of the celebration:

To celebrate the bonds of friendship and create a positive, supportive, and inclusive school environment.

To teach valuable social skills such as kindness, cooperation, empathy, and conflict resolution.

To help students' express gratitude and appreciate their friends in a meaningful way.

Feedback: The celebration provides a structured way for students to appreciate their friends, connect with new peers, and build a more supportive school community.

Outcome: Increased empathy and kindness: Celebrations teach students to be considerate and caring towards their peers

Name of the activity: Blue Day

Celebrated on: 06.08.2025

Who are they: KG's

Descriptive about the Blue Day celebration:

A **Blue Day** is a school celebration for students to learn about the colour blue through themed activities, dressing in blue, and decorating the classroom. It promotes cognitive development by reinforcing colour recognition and connects to natural elements such as the sky and water, often incorporating messages about calmness, creativity, and environmental themes, such as water conservation.

Dress code: Students and teachers wear various shades of blue clothing to create a visually cohesive atmosphere.

Classroom decor: Classrooms are decorated with blue balloons, posters, and cutouts of blue objects such as the sky, ocean, and blue animals to enhance the theme.

Environmental awareness: The celebration can highlight themes like water conservation and the importance of water and sky in nature.

Feedback: Educational value: The celebration effectively helped children learn about the colour blue, different shades, and its associations (e.g., sky, sea)

Outcome: Calm and focused environment: The colour blue is associated with tranquillity, which can help create a more peaceful and thoughtful atmosphere.

Name of the activity: Raksha Bandhan **Celebrated on:** 08.08.2025

Who are they:

Descriptive about the Raksha Bandhan celebration:

A school's **Raksha Bandhan** celebration typically involves activities like making Rakhi's, tying them on classmates and community helpers to promote unity, and organising cultural programs such as songs, dances, and skits that highlight the bond between siblings. These events foster teamwork, cultural values, and a sense of community among students, going beyond the traditional brother-sister relationship to emphasise universal brotherhood and care.

Rakhi making: Students create their own Rakhi's using art supplies like glitter, stickers, and ribbons.

Symbolic exchange: Students may exchange sweets or small gifts, reinforcing the spirit of giving and joy.

Feedback: Raksha Bandhan celebrations is generally positive, highlighting the event's success in teaching cultural values and strengthening community bonds through activities like tying Rakhi's and exchanging sweets. Positive aspects include students learning the significance of care, trust, and protection, as well as the celebration's inclusivity in extending these values beyond traditional family ties to friends, teachers, and staff.

Outcome: It extends the concept of protection beyond siblings to foster a sense of universal responsibility and unity, creating a positive school atmosphere.

Name of the activity: Doctors Day **Celebrated on:**

Who are they: KG's

Descriptive about Doctors' Day celebration:

A school's **Doctors Day** celebration is a day to honour doctors' contributions, with activities like role-playing as doctors and patients, making thank-you cards for healthcare workers, and setting up mock health check-up camps. The celebration aims to teach students about the medical profession, promote empathy.

Role-playing: Students can act out scenarios as doctors and patients to understand the role doctors play.

Feedback: Educational value: Sessions with medical professionals provided valuable information on health, hygiene, and nutrition, helping students understand the importance of a healthy lifestyle. Younger students in particular appreciated dressing up as doctors, which made the experience fun and memorable.

Outcome: Role-playing as doctors and discussing first aid helps students think critically and learn about medical scenarios. Students can become more aware of the dedication and hard work of doctors, especially during public health crises like a pandemic.

Name of the activity: Animal Kingdom **Celebrated on:** 31.07.2025

Who are they: KG's

Descriptive about the Animal Kingdom celebration:

An "**Animal Kingdom** Celebration" in school is a fun and educational event that uses activities like costume parades, classroom decorations, and interactive learning to teach students about different animals, their habitats, and the importance of conservation.

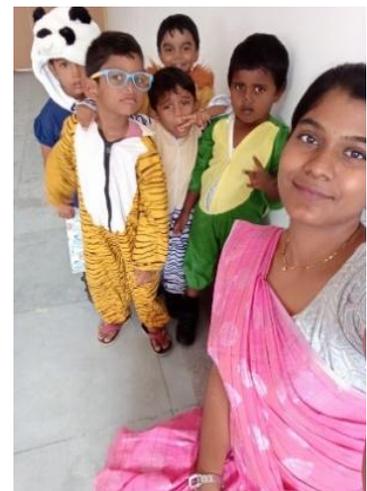

Costume parades: Students dress up as their favourite animals to present their character and learn about other species through interaction.

Classroom transformation: Classrooms are decorated to resemble different habitats, such as an underwater world or a forest, to create an immersive learning environment.

Interactive learning: Students visit other classes to learn about different types of animals (e.g., farm, wild, or aquatic) and interact with classmates who are dressed as different creatures.

Feedback: Children were highly enthusiastic and excited to participate, dressing up as their favourite animals, which amplified their learning and fun.

Outcome: Students learn about different types of animals, their characteristics, and their roles in the environment. Celebrations can teach about the importance of animals in maintaining the balance of ecosystems through concepts like predator-prey relationships.

Name of the activity: Kargil Vijay Diwas

Celebrated on: 25.07.2025

Who are they: KG's

Descriptive about the Kargil Vijay Diwas celebration

A school's **Kargil Vijay Diwas** celebration involves activities to honour the bravery of soldiers and instil patriotism, such as patriotic assemblies with songs and speeches, essay and poster competitions, and a candlelight tribute. The event aims to teach students about the significance of the Kargil War, the sacrifices made by heroes, and to encourage them to be strong and loving citizens.

Feedback: Kargil Vijay Diwas celebrations often highlight their positive impact on instilling patriotism, teaching history, and honouring soldiers.

Outcome: Instilling national pride and respect for soldiers, fostering patriotism and a sense of responsibility in students, and providing an interactive way to learn history and moral values. These events help students understand the sacrifices of the armed forces and the importance of unity, service, and peace.

Name of the activity: Nutrition and Healthy Habits

Celebrated on: 28.08.2025

Who are they: KG's

Descriptive about Nutrition Day celebration:

The school celebration of nutrition and healthy habits is an event designed to educate students about the importance of a balanced diet and an active lifestyle through fun, interactive activities. The description should emphasize engaging students with workshops, competitions, and "healthy tiffin" days to foster an understanding of healthy foods, physical activity, and good hygiene practices, aiming to build lifelong healthy habits.

Reinforces healthy habits: The goal is to instil practical habits like portion control, handwashing, hydration, and making informed food choices that contribute to both physical and mental well-being. Students become more aware of healthy food choices and the importance of nutrition.

Healthier habits: Students are more likely to choose nutritious snacks and meals, with some reporting changes to their daily.

Feedback: Many students made healthier food choices and some reported changes in their eating patterns. Parents became more involved, participating in activities and reinforcing healthy habits at home.

Outcome: The celebrations can lead to positive changes, such as increased consumption of fruits and vegetables and reduced intake of sweets and sugary snacks

Name of the activity: Profession Day **Celebrated on:** 19.08.2025

Who are they: KG's

Descriptive about Professions Day celebration:

A **Professions Day** celebration in school is an event dedicated to inspiring and guiding students toward their future careers by exposing them to various professions and providing a real-world understanding of different job roles.

Objective and Outcome: Ultimately, the event helps students make informed decisions about their future educational and career paths and fosters a stronger connection between the school, parents, and the local community.

Career Dress-Up: Younger students often participate by coming to school dressed as professionals they aspire to be, such as a doctor, firefighter, or pilot.

Feedback: Students gain valuable, firsthand knowledge about various professions, which helps them consider their own career goals.

Engaging speakers: Parents and

Outcome: Students were inspired by hearing from real-world professionals, sparking curiosity and ambition for their future careers.

Name of the activity: Diwali

Celebrated on: 16.10.2025

Who are they: KG's

Descriptive about Diwali celebration:

A school's **Diwali** celebration typically features cultural activities like a special assembly with skits and dances, arts and crafts such as diya painting, rangoli making, and lantern creation, and educational components that highlight the festival's significance.

Sweets and food: Traditional Diwali sweets and snacks are often distributed among students and staff.

Cultural showcase: Students wear traditional Indian attire for a fashion show.

Arts and crafts: Diya decoration: Students paint and decorate diyas with paints, glitter, and other materials.

Feedback: Diwali celebrations often highlight positive engagement with educational and cultural activities like creating diyas and rangolis, learning about the festival's significance through assemblies and stories, and participating in festive decorations and performances.

Outcome: The main outcomes of a Diwali celebration in school are increased cultural awareness and respect for diversity among students, enhanced social skills through collaborative activities, and a greater appreciation for moral values like good over evil. These events also encourage creativity through hands-on projects and can promote environmental awareness by advocating for eco-friendly celebrations.

Name of the activity: Halloween Day **Celebrated on:** 31.10.2025

Who are they: KG's

Descriptive about the Halloween Day celebration:

A school **Halloween party** is a fun, festive event with decorations like pumpkins and cobwebs, where students can wear costumes and participate in themed activities such as games, spooky music, and storytelling.

Decorations and atmosphere:

Decorate the school hall or classroom with Halloween-themed items like carved pumpkins, spiders, bats, and streamers in orange and black.

Create a "spooky corner" or "haunted house" theme to add to the atmosphere.

Educational and cultural aspects:

Encourage students to learn about and appreciate different customs and festivals around the world.

Feedback: Many students and parents report that Halloween parties are exciting and fun-filled events that bring joy to the school environment. The celebrations encourage students to be creative through costumes and classroom decorations.

Outcome: Activities like making a spider web or decorating pumpkins can help children develop fine motor skills and problem-solving abilities. Students can learn about the historical origins of Halloween and its associated traditions, fostering cultural awareness.

Name of the trip: Queensland **Celebrated on:** 17.10.2025

Who are they: KGs & Grades 1 - 5

Descriptive about the Queensland Trip

A school trip to Queensland offers a blend of natural wonders, such as the Great Barrier Reef and ancient rainforests, alongside urban experiences, such as the Gold Coast's theme parks. It's a chance for students to learn about Australia's unique ecosystems, indigenous culture, and vibrant modern cities through activities such as snorkelling, rainforest trekking, and visits to wildlife sanctuaries or educational theme parks.

Personal growth: Trips helped students develop teamwork, leadership, and a sense of responsibility.

Educational value: Students learned new things, saw concepts from their classes in a real-world context, and gained knowledge from guides and local people.

Professionalism and care: Parents appreciated the staff's efforts, dedication, and care for the students' well-being, which made them feel secure.

Logistical success: A smooth, well-organised trip with no major issues was highly praised.

Feedback: Enjoyment and engagement: Students had fun, shared stories, and created lasting memories.

Outcome: Stepping out of their comfort zone helps students become more independent and confident. Trips create opportunities for students to bond with peers and teachers in a less formal setting, improving rapport and classroom dynamics.
